#### Paper version

323066 **\$22.00**

#### Durable, Tear and Waterproof Field Guide

323065 **\$38.00**

The *First Responder Critical Incident Guide* identifies key functions that are essential for first responders (Fire, EMS, Law Enforcement, Special Teams, Military, etc.) during the first 10–30 minutes of a critical incident. The field guide addresses recognition, identification, responsibilities and efficient response issues. It contains easy-to-follow response procedures for the following incidents

- Bottle Bombs
- Improvised Explosive Devices
- Vehicle Borne Improvised Explosive Device (VBIED)
- Continued IED Threat / Attack
- Suspicious Letter / Package Indicators
- Suspicious Powders / Substances Indicators and Response
- Clandestine Drug Labs
- Indoor Marijuana Grow Operations
- Civil Unrest Planning and Response
- Mass Shooting / Active Shooter
- Fire/EMS Scene Safety at Scenes of Violence
- Suicide Bomber
- Bomb Threats
- Explosives Post-Blast Response

Extremely durable guide for field use, printed on synthetic paper that is tearproof and waterproof. Large readable type for low light and flashlight conditions. Also available in paper version for workshop and in-service training.
